

## PATRONS SLEEPING IN ROD LIBRARY

Patrons sleeping in the Rod Library may be awakened by Library faculty, staff, and student assistants in instances when their behavior is interfering with, or detracting from, use of Library facilities and services by other patrons, or by Library faculty, staff, and student assistants. In areas of the Library where this patron behavior poses recurrent problems, signs may be posted which read:

**PATRONS WHO ARE SLEEPING IN THIS AREA WILL BE AWAKENED BY  
LIBRARY STAFF**

Library faculty, staff, and student assistants should avoid touching patrons when awakening them.

Adopted by LAC on November 13, 1998
